GEOGRAPHY			0460/12
Paper 1			February/March 2017
			1 hour 45 minutes
Candidates answer or	the Question Paper.		
Additional Materials:	Ruler Calculator		

#### **READ THESE INSTRUCTIONS FIRST**

Write your Centre number, candidate number and name in the spaces provided.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Write your answer to each question in the space provided.

If additional space is required, you should use the lined pages at the end of this booklet. The question number(s) must be clearly shown.

Answer three questions, one from each section.

The Insert contains Photograph A for Question 2, Fig. 5 and Photograph B for Question 3, Photograph C for Question 5 and Photograph D for Question 6.

The Insert is **not** required by the Examiner.

Sketch maps and diagrams should be drawn whenever they serve to illustrate an answer.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [ ] at the end of each question or part question.

#### **Definitions**

MEDCs – More Economically Developed Countries LEDCs – Less Economically Developed Countries

The syllabus is approved for use in England, Wales and Northern Ireland as a Cambridge International Level 1/Level 2 Certificate.

This document consists of 27 printed pages, 1 blank page and 1 Insert.

CAMBRIDGE
International Examinations

[Turn over

### **Section A**

Answer **one** question from this section.

### **QUESTION 1**

**1 (a)** Study Fig. 1, which shows information about international migration to four MEDCs.

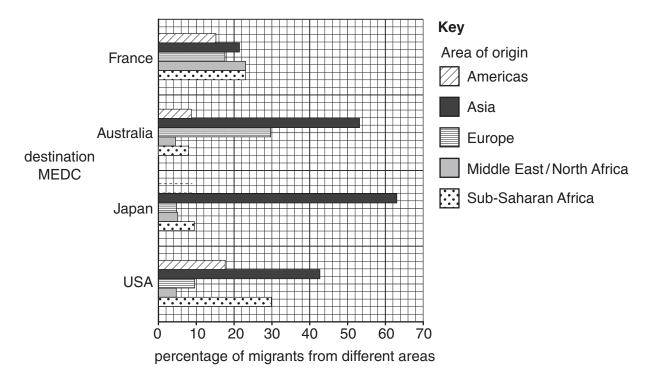

Fig. 1

(i) Complete the bar for Japan to show the following information:20% of migrants to Japan are from the Americas.

(ii) Identify the country which attracts:

the greatest percentage of migrants from Asia;

[1]

the same percentage of migrants from the Middle East/North Africa and
 Sub-Saharan Africa.

ø UCLES 2017 0460/12/F/M/17

(iii)	Using evidence from Fig. 1 <b>only</b> , compare the pattern of international migration to France and the USA.
	[3]
(iv)	Suggest reasons for the percentages of people who migrate to France and the USA from different areas.
	[4]

(b) Study Fig. 2, which shows information about migrant workers in Qatar.

Amnesty International has criticised Qatar's construction sector as work begins on building the stadiums for the 2022 football World Cup.

Amnesty International states that migrant workers in Qatar, one of the richest countries in the world, often do not get paid their wages, work in dangerous conditions and live in poor-quality accommodation.

A recent report includes statements from Nepalese workers employed by a company delivering supplies to a construction project. The workers said they were "treated like animals", working up to 12 hours a day, seven days a week, during Qatar's hot summer months.

Migrant workers have to live in labour camps which are overcrowded. The toilet and washing facilities are so basic and dirty that some men use buckets of water to wash.

One migrant worker from Nepal said, "The company I work for doesn't care about us. We don't get safety shoes, helmets, safety gloves, good accommodation or good food. Also our pay is low – only US\$9 per day – and we often work seven days per week".

#### Fig. 2

(i)	Using Fig. 2 <b>only</b> , identify <b>three</b> different difficulties faced by migrant workers in Qatar.
	1
	2
	3
	[3]
(ii)	Suggest reasons why, despite these difficulties, many workers migrate to Qatar from LEDCs such as Nepal, India and Bangladesh.
	[5]

ø UCLES 2017 0460/12/F/M/17

(c)	For a named country you have studied, explain why rapid <b>natural</b> population growth is taking place.			
	Name of country			
	[7]			

[Total: 25 marks]

#### **QUESTION 2**

**2 (a)** Study Fig. 3 and Photograph A (Insert). Fig. 3 shows information about an improvement project in Porto, a city in Portugal (an MEDC in Europe). Photograph A (Insert) shows an area of housing in the Bairro da Sé district in Porto.

The Porto Urban Pilot Project focused on the historic "Bairro da Sé" district, close to the centre of the city. The neighbourhood had been one of the most deprived districts in Porto, with poor-quality housing, overcrowding, high crime rates and drug abuse. The project aimed to solve these problems through measures designed to improve the urban environment, create economic activity in the area and integrate the socially excluded into neighbourhood life. At the same time, the project aimed to introduce measures which fully respected, maintained and even enhanced the area's cultural identity and heritage.

Fig. 3

(1)	In which <b>one</b> of the following urban zones in	s Bairro da Se?	
	Underline your answer.		
	Central Business District (CBD)	Inner city	
	Outer suburbs	Rural-urban fringe	[1]
(ii)	Using Fig. 3 only, identify two urban proble	ems in Bairro da Sé.	
	1		
	2		[2]
(iii)	Part of Bairro da Sé is shown in Photogra housing shown.	ph A (Insert). Describe <b>three</b> features of	the
	1		
	2		
	3		
			[3]

**(b)** Study Fig. 4, which shows statistics about housing in Porto and Lisbon (the capital city of Portugal).

	Percentage of housing in Porto	Percentage of housing in Lisbon
Very run-down housing	7.8	7.2
Houses needing major repair	2.4	2.0
Overcrowded housing	14.2	24.5
Houses lacking water supplies	9.9	6.3
Houses without a bath or shower	12.8	8.8

Fig. 4

(i)	Using evidence from Fig. 4 <b>only</b> , identify the city which has the poorest quality housing. Justify your answer.
	Name of city
	[3]
(ii)	Explain why many people live in poor-quality housing in urban areas.
(,	Explain why many people live in poor quality housing in around aroun.
	[4]

(iii)	Describe attempts which have been made to reduce housing problems in urban areas.

(c)	For an urban area you have studied, describe a change in land use which has taken place and explain its impacts.
	Name of urban area
	[7]
	[Total: 25 marks]

# **END OF QUESTION 2**

# Section B

Answer **one** question from this section.

# **QUESTION 3**

(a)		dy Fig. 5 (Insert), which is a map of the Kelantan drainage basin in Malaysia (an LEDC sia).
	(i)	What is meant by a drainage basin?
		[1]
	(ii)	In December 2014 flooding occurred in many parts of the Kelantan drainage basin. Using evidence from Fig. 5 <b>only</b> , suggest <b>two</b> reasons why flooding is more likely in area <b>X</b> than <b>Y</b> .
		1
		2
		[2]
	(iii)	Suggest <b>three</b> different hazards which are likely to have been caused by flooding in area <b>X</b> in December 2014.
		1
		2
		2
		3
		in A

(1	iv)	Explain why many people still live in places like area $\mathbf{X}$ , even though flooding is likely to occur.
		[4]
(b)	Stu	dy Photograph B (Insert), which shows a meander.
	(i)	Describe the features shown on Photograph B which are typical of a meander.
		[3]
(	(ii)	Explain why both erosion <b>and</b> deposition are likely to occur on the meander shown in Photograph B.
		[5]

0460/12/F/M/17

ø UCLES 2017

(c)	For a named river you have studied, describe what has been done to reduce the risk of flooding.
	Name of river
	[7]

[Total: 25 marks]

# **END OF QUESTION 3**

### **QUESTION 4**

4 (a) Study Fig. 6, which shows a cross section of an area affected by an earthquake.

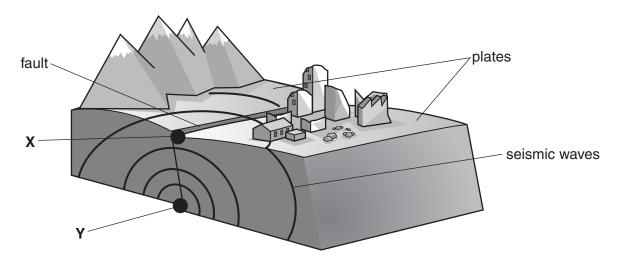

Fig. 6

(i) Tick the **one** statement in the table below which is the correct definition of an earthquake.

A fracture in the rocks which make up the Earth's crust	
A weakness in the Earth's crust through which molten magma erupts	
Large slabs of rock which make up the outer layer of the Earth's surface	
The shaking of the ground caused by sudden movement in the Earth's crust	

г	4	7
	1	- 1
		- 1
-		-

(ii) Identify the features of an earthquake labelled **X** and **Y** on Fig. 6.

X .....

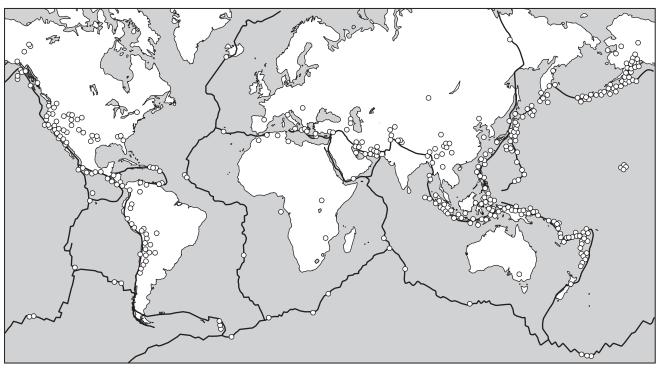

Υ	[2]

(iii) Describe **three** different hazards faced by people who live in areas affected by earthquakes.

1		
	re	

(iv)	State and explain <b>two</b> ways which can be used to reduce the impacts of earthquakes.
	1
	2
	[A]

**(b)** Study Fig. 7, which shows the global distribution of earthquakes (of 2.5 or more on the Richter Scale) between April 16<sup>th</sup> and May 13<sup>th</sup> 2013.

Key

- earthquake of 2.5 or more on Richter Scale
- --- plate boundary

Fig. 7

(i)	The global distribution of earthquakes is uneven.  Describe the distribution of earthquakes shown on Fig. 7.
	[3]
(ii)	Explain why the global distribution of earthquakes is uneven.
	[5]

For a named volcano you have studied, explain the causes of an eruption.		
Name of volcano		
	•••	
	•••	
	•••	
	•••	
	•••	
1	[7]	

[Total: 25 marks]

# **END OF QUESTION 4**

**TURN PAGE FOR QUESTION 5** 

### **Section C**

Answer one question from this section.

OI	JES1	rin	N 5

**5 (a)** Study Figs. 8A and 8B, which are maps showing information about domestic and international tourism in India.

Content removed due to copyright restrictions.

ø UCLES 2017 0460/12/F/M/17

Content removed due to copyright restrictions.

(i)	Complete Fig. 8B using the following information. Use the key provided.	
	The percentage of international tourists visiting Maharashtra is 21%.	[1]
(ii)	Explain the difference between the terms domestic and international tourist.	
		[2]

(iii)	Usi	ng Figs. 8A and 8B <b>only</b> , name a state which:	
	_	has between 10.1% and 20% of both domestic and international tourists;	
	-	has a greater percentage of international than domestic tourists;	
	-	has the largest percentage of domestic tourists.	
			[3]
(iv)	Exp	plain why the growth of tourism in an area leads to the development of its infrastructu	ıre
			[4]

(b)		dy Photograph C (Insert), which was taken in Mauritius, an island in the Indian Ocean ch is visited by many tourists from countries in Europe, such as the UK and Germany.
	(i)	Describe the <b>physical</b> attractions for tourists from Europe which are shown in Photograph C.
	/::\	Explain how the human landesone can also attract tourists to an area
	(ii)	Explain how the human landscape can also attract tourists to an area.
		[5]

•)	and the local natural environment.			
	Name of area			
	[7			

[Total: 25 marks]

# **END OF QUESTION 5**

### **QUESTION 6**

**6 (a)** Study Fig. 9, which shows information about the employment structure of two European countries, France and Italy.

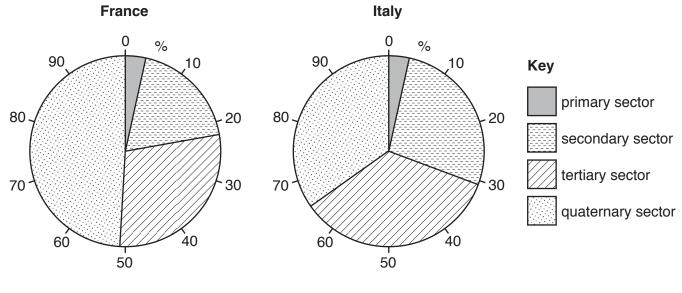

Fig. 9

(i)	What percentage of the workforce of France is employed in the secondary sector?	
	%	[1]

(ii) Which sector:

-	employs the smalles	st percentage	in both Franc	ce and Italy;

employs a larger	percentage	of the	workforce	in Fra	nce t	:han i	in	Italy	?

ro1
 [4]

(iii) Match each example of a job in the table below with the correct sector by using arrows. The first one has been completed for you.

Example of job	Sector
School teacher	Primary
Research worker for a firm making computer software	Secondary
Workers harvesting tea on a plantation	Tertiary
Worker on the production line in a factory making jam.	Quaternary

[3]

	(IV)	development is rapid.
(b)	Stu	dy Photograph D (Insert), which was taken in Madeira, an island in the Atlantic Ocean.
	(i)	State <b>three</b> different types of job created by the economic activity shown in the photograph.
		1
		2
		3[3]
	(ii)	Suggest how the economic activity shown in Photograph D could pose threats to the natural environment.
		[5]

(c)	For an example of an economic activity in a named area you have studied, describe how the threats to the natural environment are being managed.
	Name of area
	Economic activity
	[7]
	[Total: 25 marks]
