Paper 1 Theory

May/June 2014

2 hours

Candidates answer on the Question Paper.

No Additional Materials are required.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black ink.

You may use a soft pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Section A

Answer **all** questions.

You are advised to spend no longer than 45 minutes on Section A.

Section B

Answer **all** questions.

Section C

Answer **either** Question 6(a) **or** 6(b).

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

This document consists of **11** printed pages and **1** blank page.

Section A

Answer **all** questions.

- 1 Cheese is a good source of calcium.

- (a) Name **two other** minerals and **two** vitamins also found in cheese.

Minerals:

1

2

Vitamins:

1

2

[4]

- (b) Name **two** diseases caused by a deficiency of calcium in the body.

Disease:

1

2

[2]

- (c) Describe **two** symptoms of **one** of the diseases named in (b).

Disease

Symptom 1

Symptom 2 [2]

- (d) (i) Name the vitamin which helps in the absorption of calcium.

Vitamin [1]

- (ii) Identify **two** good food sources of this vitamin.

Sources:

1

2

[2]

- (e) Identify **two** good food sources of calcium other than dairy products.

Sources:

1

2

[2]

..... [1]

- (f) Explain the term *dextrinisation*.

.....
.....
..... [2]

[Section A Total: 40]

Section B

Answer **all** questions.

- 3** Describe and explain the following:

- (a) convection as a method of heat transfer;

.....
.....
.....
.....
.....
.....
.....
.....
..... [6]

- (b) hypertension;

.....
.....
.....
.....
.....
.....
.....
.....
..... [5]

- (c) pasteurisation.

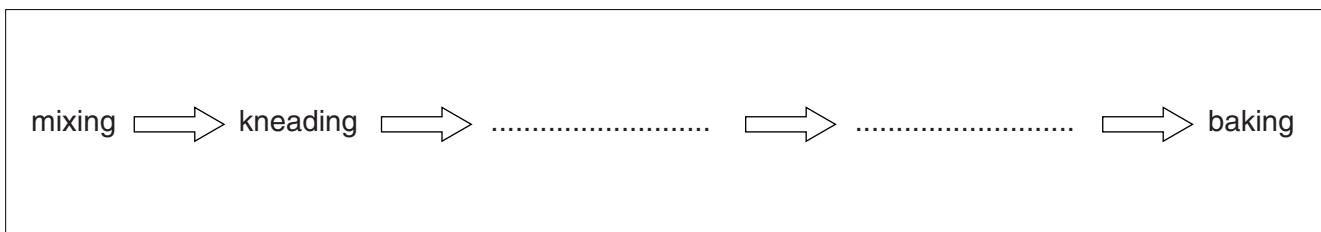

.....
.....
.....
.....
.....
.....
.....
.....
..... [5]

- 4 (a) Complete the table to explain the causes of these faults in the making of a Victoria sponge.

Fault	Cause
Cake has sunk in the middle.	
Cake has risen unevenly.	
Cake has risen to a peak and is cracked.	
Cake has a hard, sugary crust.	

[4]
